### **DETAILED ACTION**

1. This Office Action is the answer to the Amendment filed on January 18, 2006, which paper has been placed of record in the file.
2. Claims 1-7 and 9-19 are pending in this application.

### ***Allowable Subject Matter/Reasons for Allowance***

3. Claims 1, 16 and 17 are allowed over the prior arts cited records.

The closest prior arts are:

1) Silverman (US 5,924,083) discloses a distributed trading system for displaying a credit-filtered view of markets for financial instruments based upon credit limits entered by the trading parties. Each trading entity initially enters credit information which consists of the amount of credit that the trading entity is willing to extend to other trading entities for one or more types of trading instruments. Each trading entity may also create group credit limits by which the trading entity may limit the amount of credit it is willing to extend to a group of potential counterparties. Silverman does not disclose "an option by at least one party to unwind the financial instrument in the future."

2) Wilton (US 6,519,574) discloses an electronic trading system includes a plurality of trader terminals for receiving credit parameter data, arbitrage parameter data, and trading data from a trading entity and displaying trade information to the trading entity. The trading data includes bid and/or offer information input by the trading entity. Wilton does not disclose "an option by at least one party to unwind the financial instrument in the future."

Therefore, it is clear from the description of Silverman's and Wilton's inventions that the prior arts do not considered the possibility of: at least one of said first set of mutual put requirements and said second set of mutual put requirements requiring the ability to unwind said financial instrument in the future, **as included in claims 1, 16 and 17.**

4. Claims (2-7, 9-15) and (18, 19), are allowed because they are dependent claims of the allowable independent claims 1 and 17 above, in that order.

### ***Conclusion***

5. Claims **1-7** and **9-19** are allowed.
